DURABRIGHT

LED STRANDS

* *best seller* *

Our DuraBright strands feature a smaller, sleeker design that produces a *brighter* shine. Thanks to new manufacturing technology, these strands boast of more durable and higher quality construction while maintaining Seasonal Source's color consistency.

Provide your customers with the *exact* look they're looking for. Choose the 4" spacing for a brighter effect due to more lights on the strand. The 6" spacing is a great option to create a similar effect at a lower price point.

pre-balled for your convenience!

DURABRIGHT CONVEX

Our distinguishable DuraBright Convex strands create a new look by projecting the light out onto their surroundings to light up nearby bushes, walls, and trees.

Bulb GUIDE

WHICH BULB IS RIGHT FOR YOUR JOB?

A variety of bulb styles, sizes, colors and types to choose from means you can create the perfect holiday decorating installation for your customer. But where to start? Here are some options to take into consideration.

CHOOSE THE STYLE OF BULB

We offer two different styles of bulbs, whether you are going for traditional or a fun party style. Also available in different sizes so you can achieve the exact look your customer has in mind!

CHOOSE THE TYPE OF BULB

DURABRIGHT:

This popular bulb has 2 SMD LEDs, giving each bulb a 360-degree vibrant color at a competitive price point.

SMD:

With 2 SMD LEDs in a C7 and 3 in a C9, this tried-and-true bulb gives colors that pop and has the best visibility from the sides.

FILAMENT:

With COB LED filament technology, these bulbs are designed to mimic a traditional incandescent bulb while delivering the same brightness of SMD.

CHOOSE THE SURFACE FINISH

FACETED:

A faceted finish creates a unique sparkle that helps to distribute the light evenly. It is the most common and most durable of the finishes.

SMOOTH:

A smooth finish produces a solid glow to create a rustic look.

TRANSPARENT:

Transparent bulbs mimic an incandescent bulb that shows off the filament and LED diodes on the inside of the bulbs.

CHOOSE THE COLORS

You can choose to go with a monochromatic look or pick a combination of colors for a unique look. Check out our **LOOK BOOK** and watch the **DESIGN COURSE** on our online training portal for more design ideas.

Timers & PLUGS

Make life *easier* — include a timer!

Easiest to use!

TIME-100

The TIME-100 is a mechanical timer that's easy to set and allows for any number of on/off settings.

Set & forget!

TIME-300

The Time-300 is an outdoor photocell timers that uses sunlight to turn the lights on and off. This means the timer will automatically adjust to changing sunset times and can turn off in 2, 4, 6, or 8 hour or simply at sunrise!

Most versatile!

TIME-600

The new TIME-600 gives you a full range of programming options for each specific day of the week or for a lived-in look while you're away. A battery back-up means you don't have to make a service call when there's a power outage.

Part#	Description
TIME-100	Heavy Duty Outdoor Mechanical Timer w/ 2 Outlets
TIME-300	Mechanical Photocell Outdoor w/ 2 Outlets
TIME-600	7-Day Digital Outdoor Timer w/ 2 outlets

New

LIGHTING

New

Meet Infinity Lighting, the **NEW**, revolutionary way to light exterior rooflines. Paired with our Infinity Lighting app that can be downloaded from any App Store, the possibilities are *infinite*! Program the lights for any holiday or event and they'll do the rest.

With a unique, patented design that mimics the look of a traditional forward facing holiday light. Infinity Lighting creates visibility of the lights at night from every angle while making sure they're "hidden" during the day.

www.myinfinitylighting.com

Unique Advantages

FOR THE CONTRACTOR:

- Minimal tools & equipment required
- Quicker installation
- Small crew sizes needed
- High profit margins

FOR THE HOMEOWNER:

- On trend and up to date
- No dangling wires
- Robust mobile app
- Low maintenance
- Customizable: support teams & holidays

MUNICIPAL

Government-owned areas and facilities like Government buildings, streets, parks, libraries, schools and more provide great opportunities for Seasonal Source product to turn any city into a holiday wonderland. Bids typically occur at the beginning of the year when the budget is still available so start early!

COMMERCIAL

Restaurants, shopping malls, country clubs, hotels, resorts, banks, and car dealerships comprise the commercial market. The majority of commercial projects have stable budgets for holiday decorating regardless of economic conditions. These can be sold year-round with the peak season of bids happening January to May.

RESIDENTIAL

Homes, landscapes, & neighborhoods come alive with the splendor & vibrant color from Seasonal Source lights. This segment is distinguished by high-income homeowners in upscale neighborhoods with an average age of 40-60 years old. New markets are emerging among the elderly, disabled, single parents, & newly constructed neighborhoods.
